Professional Summary

Software Developer skilled in Angular, C#, ASP.NET Web API, SQL Server, and Cymmetri IAM support. Experienced in full-stack development, REST API integration, database operations, and troubleshooting. Completed Full Stack .NET training (A Grade) and the AWS re/Start Cloud Computing Programme.

Experience

- **Writer Information | Associate Engineer** Jun 2024 - Feb 2025
  - Supported the Cymmetri Identity and Access Management (IAM) platform and daily operations.
  - Executed scripts to support technical tasks and streamline routine activities.
  - Assisted with user access management and IAM-related requests.
  - Troubleshot technical issues and supported access-related problem resolution.
  - Monitored IAM operations and assisted in investigating operational issues.
  - Documented technical issues and coordinated with team members to support resolution.

- **Portall Infosystem Pvt.Ltd | Software Developer** Jan 2024 - May 2024
  - Developed and maintained web applications using Angular for frontend development.
  - Integrated ASP.NET Web APIs to connect frontend components with backend services.
  - Worked with Microsoft SQL Server for database operations and data management.
  - Implemented API integration, debugging, and troubleshooting to improve application functionality.

- **Dezignolics Web & Software Company | .NET Development Intern** Nov 2022 - May 2023
  - Gained hands-on experience in .NET technologies and web application development.
  - Worked on programming assignments involving backend logic, debugging, and software development.
  - Successfully completed the internship and received a certificate.

Experience Projects

- **Cymmetri — Identity and Access Management (IAM) Platform | Associate Engineer**
  - Supported Cymmetri IAM operations to maintain reliable platform functionality.
  - Executed scripts to support technical workflows and routine operational tasks.
  - Investigated IAM platform issues and assisted with technical troubleshooting.
  - Collaborated with team members to resolve operational issues and support continuity.
  - Followed IAM procedures to maintain accurate and consistent operational processes.

- **J M Baxi Heavy Private Limited (JMB Heavy) | Software Developer | Angular, ASP.NET Web API & SQL Server**
  - Developed frontend components using Angular.
  - Integrated ASP.NET Web APIs for backend communication.
  - Managed database operations using SQL Server.

Education

- **B.N Bandodkar College Of Science, Thane** 2026
  Master of Science in Information Technology (M.Sc. IT) | B

- **B.N Bandodkar College Of Science, Thane** 2022
  Bachelor of Science in Information Technology (B.Sc.IT) | A

- **V.G. Vaze College Of Science, Commerce and Arts** 2019
  Higher Secondary Certificate (HSC) | 46.15%

- **Sau. Nalini Yashwantrao Dode vidyalaya** 2017
  Secondary School Certificate (SSC) | 71.20%

Training & Certifications

- **AWS re/Start Cloud Computing Programme**
  - Completed the AWS re/Start programme by Magic Bus India Foundation in collaboration with Accenture.
  - Gained foundational knowledge of AWS services, Linux, networking, Development & scaling, AI & Machine learning, security, and cloud infrastructure through practical training.

- **Full Stack .NET Developer Training | DcodeTech Private Limited | Grade: A**
  - Technologies:- ASP.NET, C#, SQL Server, Frontend Development.
  - Developed a School Management System with ASP.NET, C#, and SQL Server.
  - Handled backend logic, database operations, and application functionality.

Personal Projects

- **Smart AI-Based Online Course Management System**
  - Technologies:- Angular, ASP.NET Web API, C#, SQL Server, Python, OpenCV, AI Face Recognition, Razorpay
  - Developed a full-stack platform with course enrollment, quizzes, progress tracking, and certificates.
  - Integrated REST APIs, SQL Server, and AI-based face recognition for authentication.
  - Implemented Razorpay for online course payments.

- **Real Estate Management System**
  - Technologies:- EC2, RDS, Elastic Beanstalk, Lambda, Comprehend, EventBridge, S3, CloudWatch
  - Developed and deployed a PHP-based real estate application on AWS.
  - Configured cloud hosting and database services using EC2, RDS, and Elastic Beanstalk.
  - Integrated Lambda and Comprehend for sentiment analysis, with EventBridge automation and CloudWatch monitoring.

Technical Skills

- Programming Languages:- C#, JavaScript, Java
- Web & Frameworks:- HTML, CSS, Angular, ASP.NET Core, ASP.NET Web API, Node.js
- Database:- Microsoft SQL Server, SQL, MySQL
- Cloud:- AWS Cloud Fundamentals, Amazon EC2, Amazon S3, AWS IAM
- Tools:- Visual Studio, Visual Studio Code, SQL Server Management Studio, Git, GitHub
- Professional Skills:- Problem-Solving, Troubleshooting, Teamwork, Continuous Learning
- AI Development Tools & Generative AI:- Generative AI Fundamentals, Prompt Engineering, AI API Integration, OpenAI API, Node.js, AI Integration
- Java Backend Development:- Java, Spring Boot, Spring MVC, RESTful APIs
